CLARK MONUMENT UNVEILING DRAWS IMMENSE THROG

Beautiful and Inspiring Ceremony at Fort Massac Held Yesterday Afternoon.

Metropolis Does Herself Proud as Entertainer.

PADUCAHANS ARE HONORED

Metropolis, Ill., Nov. 6. (Special.)—A brilliant throng, representing all that is best socially and politically in Illinois, perfect weather and impressively patriotic ceremonies marked the unveiling of the shaft erected at Fort Massac to the memory of Gen. George Rogers Clark and his soldiers. The throng literally filled Fort Massac park, and as the crowd stood, while 2,000 children sang "America" on that beautiful promontory, historically related to the winning of the middle west to the white man, the thoughts of all were carried back past the day when Aaron Burr, fugitive, rested himself on his flight south, to the time when the savage red man roamed the plains of Illinois and Kentucky and the hardy frontiersman, rifle in hand, cleared the forests for the outposts of civilization; or as the brave band, whose deeds are commemorated by this monument, pushed on into the wilderness where the foot of white man never before trod, blazing the way for the restless hordes of Saxons and Teutons, who centuries before had overflowed Europe and England in the same way.

The unveiling of this magnificent shaft, 50 feet high, marks the beginning of an ambitious scheme for the improvement of Fort Massac park, and state officials and citizens alike discussed the common subject of Fort Massac's future. Governor Deneen's administration is pledged to go on with the work.

The Kentuckians were greeted with a warmth of hospitality that made them feel like the guests of honor. The Paducah delegation went over in a body on the Cowling and were met by a committee, in charge of Mrs. Johns. They were conducted to the Odd Fellows building, where a reception was in progress and then they were entertained with the other guests at an elaborate luncheon. All Metropolitans acted as host of the occasion. A pretty compliment was paid Kentucky by requesting Mr. and Mrs. E. G. Boone to lead the way to the dining room. Governor Deneen escorted Mrs. Matthew Scott, of Bloomington, chairman of the monument commission, and author of the monument movement. She also presided at the ceremonies, and no woman ever performed such a task with greater dignity and gracefulness.

A Beautiful Feature.

At the reception Miss Kerr rendered a charming song cycle, and then the party proceeded to the fort in carriages. The way was lined with school children, who waved flags. They extended along the driveway on both sides for the whole mile. They fell in behind the carriages and, grouped around the Metropolis band, sang "America." The effect of this simple, yet so subtly patriotic feature, was to imbue the whole ceremony with the loftiest sentiment.

Paducah figured once more in the proceedings. Miss Beatrice Chouteau Turner was ill and unable to unveil the monument; so Master James Rich and McCullough, son of State Auditor McCullough, performed the ceremony, and standing with him was Robert Owen Woolfolk, of Paducah. Both were introduced to the crowd as great great-grand nephews of Gen. George Rogers Clark.

The remainder of the program was gone through with just as arranged and there was not a hitch anywhere, while, as the ceremonies progressed, it was evident that the minds that planned the unveiling had left nothing undone that would add to the impressiveness or beauty of it all.

The Unveiling.

The monument was presented to the state by Mrs. Charles V. Hickox, of Springfield, Ill., state regent of the Illinois D. A. R., and was accepted by Governor Deneen.

Following a song, "Illinois," by Mrs. L. E. Yager, of Oak Park, Mrs. S. W. Jamison, state regent of the Virginia D. A. R., presented a copy of the original of the commission from Gov. Patrick Henry, of Virginia, to George Rogers Clark, when the latter was starting on his Illinois expedition.

Prof. J. C. Blair, of the University of Illinois, who superintended the construction of the monument, and is superintendent of improvement of Fort Massac park, gave some interesting facts regarding the monument.

Taft Solid in Missouri--Maryland Electoral Vote Apparently Will be Split as it Was Four Years Ago

Bryan Carries Nebraska by Only 2,000 Majority and Tennessee Falls Below 20,000--Electoral Forecast.

New York, Nov. 6.—The membership of the electoral college which will choose the next president of the United States remained in dispute when the official counters in Maryland abandoned their task for the night.

According to the best information obtainable, the proportionate numbers of Republican and Democratic electors will be determined by a division of Maryland's eight votes. Half of the city of Baltimore and two of the 23 counties outside of that city are still to be counted, but there is a strong indication that the state's vote will be split. In any event, the margin of victory will be so small that the state was claimed by the leaders of both parties.

Though the splitting of a state's electoral vote is unusual, it will be recalled that in 1904 Maryland elected one Republican and seven Democratic electors.

Missouri for Taft.

Missouri appears to be safely for Taft, to whom the latest returns gave a plurality of 2,500.

Conceding Missouri to Taft and leaving Maryland to be split between him and Bryan, the figures show 319 Republican electors assured and 156 Democrats.

Latest congressional returns indicate that the next congress will be composed of 216 Republicans and 175 Democrats, a majority for the Republicans of 41.

The returns for the Socialist and Prohibition parties are still far from complete, but indicate that the hopes of the Socialists have not been realized and that the Prohibitionists, in certain sections where gains have been expected, have been disappointed.

The figures for the Independence vote are also insufficient to give an accurate idea of what the party accomplished.

Socialist Vote Cut Down.

Chicago, Nov. 6.—The Socialist vote in Tuesday's election showed a great falling off in the record made in 1904 in the three principal cities of the county in which Socialism is strongest. Chicago Socialists, who polled 45,000 votes in 1904, were given less than 19,000 votes in the police returns and the most sanguine do not expect that the revised totals will exceed 21,000 votes for Mr. Debs. Cincinnati and Cleveland also listed as strong Socialist centers, according to the leaders of the party, polled a greatly decreased vote.

While admitting the adverse figures

Weber, of Springfield.

The response to the welcome address of State Senator Douglas Helm was made by Secretary of State James A. Rose.

The exercises were opened with prayer by the Rev. T. D. Latimer, at the end of which he read a poem written by Mrs. Laura Fessenden, of Highland Park, Ill.

Three distinguished persons who attended the dedication from Paducah were: Mrs. W. G. Whitefield, great-grand niece of George Rogers Clark, Robert Owen Woolfolk, great-grand nephew, and George C. Wallace, great-grand nephew.

The members of the Illinois D. A. R. who were present were: Miss Layla Browne, Joliet; Mrs. Henry Staats, Monmouth; Mrs. Ralph E. Brown, Bloomington; Mrs. P. F. Kimball, Bloomington; Mrs. Charles E. Irion, Ottawa; Mrs. J. R. Webster, Monmouth; Dr. Emma B. Standley, Alexis; Miss Lucy Garrett, Alexis; Mrs. J. S. McCullough, Springfield; Mrs. R. N. McCauley, Normal; Mrs. Frank B. THE CASH BONUS.

Elkins, W. Va., Nov. 6.—Senator Elkins is determined to settle the question of his daughter's marriage to Abuzzi. It is reported Elkins informed the Italian royal family it must make an immediate decision. It is understood the dowry suggested is so large that it likely will prove an attraction even to Queen Margherite.

Elkins, A. M. Simons, a member of the national committee of the Socialist party, asserted that an increase was shown in the vote this year in the small towns.

Taft Has Missouri.

St. Louis, Nov. 6.—The political situation is unchanged. It will take the official count to settle it. The latest returns give Taft about 2,500. Both sides are claiming minor state offices. The legislature apparently is Democratic by five to eight.

Nebraska By 2,000.

Lincoln, Neb., Nov. 6.—The feature in the Nebraska election count was the steady decrease in the estimates. Bryan plurality. Returns complete from 81 of the 99 counties in the state give Bryan 121,080; Taft 118,699. The nine remaining counties will probably slightly reduce Bryan's plurality, but they can not wipe it out. The prospects are he has carried the state by a little over 2,000.

Maryland Splits Ballot.

Baltimore, Nov. 6.—With the official vote of one-third of Baltimore city and 21 out of 23 counties complete and estimating the missing districts on the basis of the unofficial returns, Taft had an apparent plurality of 176. The indications were that seven Bryan and one Taft electors had been chosen.

Tennessee Less Than 20,000.

Nashville, Tenn., Nov. 6.—As belated returns come in Patterson's majority in Tennessee is seen to be about 25,000, probably over rather than under these figures. Bryan is running about 6,000 behind Patterson, and his majority will hardly reach 20,000.

Fifth Carolina Republican.

Raleigh, N. C., Nov. 6.—By a gain of about 5,000 votes in the Fifth congressional district over 1906, the Republicans have elected James M. Morehead by a majority of 364 over A. L. Brooks, Democrat, who was nominated to succeed W. W. Kitchen, governor-elect.

Democrat Loses in Arizona.

Phoenix, Ariz., Nov. 6.—With practically complete returns from every county in Arizona but one, Ralph H. Cameron, Republican, is elected to congress, defeating Marcus A. Smith, Democrat, incumbent, by 500 votes. Cameron carried every precinct out of thirteen counties.

Michigan Solid.

Detroit, Nov. 6.—Complete returns show Taft's plurality in Michigan was 140,000. Warner, Republican, was elected governor by 7,500. Breitmeyer, Republican, was elected mayor by 24,000. There are only two Democrats in the legislature.

City Treasury Muddle

Nothing has been done by Mr. George Walters to secure the office of city treasurer, and he said he had not placed the question of his eligibility to serve in the hands of an attorney since the election, but John J. Dorian will continue in office until the courts decide who shall be treasurer.

WEATHER.

FAIR.

Fair tonight and warmer in central and eastern portions tonight. Highest temperature yesterday, 47; lowest today, 37.

SCHOOL QUESTION STILL AGITATING OFFICIAL MINDS

Special Bond Election is Being Urged by Many Citizens for Near Future.

Will Start in Next Year Crippled Again.

MAYOR SMITH IS INTERESTED

The exact condition of the city schools of Paducah, their immediate necessities, prospective revenue and the situation to be faced next year, probably will be overhauled in the next few days.

The failure of the bond issue has been a blow to the hopes of the trustees, but it is believed they will stay and face the situation. The failure of the bond issue, which had a big majority in favor of it, but not the required two-thirds, is no reflection of public sentiment against the trustees, and their constituents are looking to them to battle the thing through, as no one else understands the situation as they do.

It can be said, too, that Mayor James P. Smith is interesting himself in the situation, as the press and public are asking, and while he said positively this morning that he did not wish to be understood to be officiously intermeddling and trying to dictate in a matter outside his purely official duties, as a citizen and mayor of Paducah, he is ready and willing to co-operate with the trustees in relieving the distress of the schools.

It is known that since the election Mayor Smith has talked to Trustees W. J. Hills informally on the subject; though no conference has been arranged to discuss the situation thoroughly.

The schools may manage to get through this year in a crippled condition, anticipating July revenue again and carrying through June a debt of \$4,500; but that would start them in next year with the same depleted condition of the treasury, with extra expenses of neglected repairs, and the same dearth of sanitary and hygienic arrangements at the schools, as well as unfit equipment. Instead of cutting down expenses, there is an urgent necessity for the schools to increase the teaching force for the sake of the children, who are crowded many more in a room than a teacher can teach with justice to the pupils.

The Funds.

The money the schools will get can be estimated. State Treasurer Ed Farley said they will receive about \$7,000 before January 1, and the city will give them approximately \$13,000. In January the state will give them about \$10,000 more and the city will give the schools about \$18,000 up to and including July. It will require between \$36,000 and \$40,000 to run the schools during that period for salaries and incidentals, and there is a debt of \$4,500 in notes, besides sidewalk assessments and the demands put upon the schools by the board of health.

It is not a pleasant prospect that confronts the schools, especially if they have to use up that \$18,000 due in July for this year.

A city can retrench from one year to another, but it is a different matter for a school to retrench, when its support now is so meagre that its equipment and the number of teachers and the pay are not up to the ordinary standard. Street improvements can be postponed, but the postponement of the improvement of a child's mind and the curtailment of expenditures to that end, are not lightly to be considered.

Some people suggest that a special election for a school bond issue be held, the amount of bonds to be limited to the actual present needs of the schools and that the question be carefully explained to the voters.

Hubbard Returned

Election day was responsible in a way for the arrest of H. E. Hubbard, the young man charged with converting \$300 from the Rhodes-Burford Furniture company to his own use. He was brought to Paducah last night and was placed in the McCracken county jail to await trial. Detective T. J. Moore located Hubbard and wired the police to arrest him when he returned to Benton, Ill., to vote. Hubbard gave a \$300 bond for his appearance at the last term of court and it was forfeited, but Hubbard stated that he thought the bond would squash the case.

Young Patterson's Plight

St. Louis, Nov. 6.—Malcolm Patterson, son of Tennessee's governor, was refused enlistment in the regular army because of physical disability. It is reported that Patterson was driven by want to enlist rather than seek the aid of his father. Nashville dispatches say the governor is ready to help his son, but the latter won't accept. Young Patterson came here from Chicago especially to enlist.

CHANCE FOR TAFT.

Frankfort, Ky., Nov. 6. (Special.)—The official count in Franklin county shows the first elector on the Democratic ticket runs 119 ahead of the last elector. If this ratio is continued over the entire state Taft will get one elector in Kentucky.

LOVELACEVILLE

FIRE DESTROYS BUSINESS PART

Lovelaceville, Nov. 6. (Special.)—Fire, that started in the roof of Womble's general store at 10:45 o'clock last night wiped out the business section of Lovelaceville and the fine new Methodist church, causing a loss of something like \$30,000.

When first discovered by W. E. Womble, who owns a barber shop in the building in which his brother ran a general store, the fire had already gained considerable headway and on account of its being in the roof, the citizens, who turned out to fight the fire with buckets of water, were unable to stay its progress.

The fire soon spread to the general store of V. S. Lovelace, and from that the Methodist church caught fire and was destroyed.

The fire was believed to have been under control when the A. S. Culver store caught fire and in spite of valiant efforts of the volunteers, the stock and building was destroyed. Along with it went Dr. Morris' office and home. The building was newly built of brick and was owned by Dr. Dismukes, of Paducah.

The building occupied by the Cumberland Telephone company was threatened, but Miss May Womble, the operator never left the board.

It is supposed that the fire started from a spark from an adjacent building, falling in a pile of leaves on the shingle roof of the Womble store, which was a frame building owned by Dr. J. S. Davis.

Bardwell Assignment

Louisville, Nov. 6. (Special.)—John G. Samuels, dry goods merchant at Bardwell, assigned to J. F. Nichols as assignee.

Forest Fires

Fulton, Ky., Nov. 6. (Special.)—Forest fires continue in this section. Conditions are serious and losses already are heavy.

At Temple Israel

At the conclusion of the regular services at Temple Israel tonight Miss Jeannette Goldbert, of Philadelphia, field secretary of the Jewish Chautauqua, will address the congregation. Services begin at 7:30 o'clock.

DEFENDANTS IN

BENNETT CASE ARE

HARD TO LOCATE

Elwood Neel, deputy United States marshal, returned today from a two days' trip through Lyon, Trigg and Caldwell counties hunting up the alleged night rider defendants in the Bennett case. Two more defendants were served papers. Mr. Neel said it seemed as though prosperity had already struck the farmers he was looking for, as they were all out on short business trips and will not be back till the first or middle of next week. Mr. Neel has served 25 of the defendants out of 87.

Had Marshal Neel not been in Princeton Monday it is doubtful if he would have had over seven of the alleged defendants. Congressman Ollie James spoke at Princeton Monday and to the crowd that listened to him Marshal Neel served 18 of the papers. Since then he has served but seven of the papers.

WHEELBARROW RIDES FOR GOOD GUESSERS

Gaily decorated with the national colors, and pictures of Judge William H. Taft, a wheelbarrow was pushed down Broadway from Fifth street to the river and return this morning by Nick Frakes, who lost an election bet to George Weikel. Mr. Weikel won the bet and enjoyed the ride, while the supporter of Bryan sweated and pushed. All down Broadway the unusual sight drew laughter, but the people will be accustomed to it tomorrow as two similar freak election bets will be paid. Tomorrow afternoon at 1:30 o'clock Jack Sanders, of the main ways, will wheel George Grossheardt from First street and Broadway to Ninth street and Broadway. Deal's band will march in front of the wheelbarrow. At 4:10 o'clock C. W. Lewis will wheel J. R. Vickers from the Illinois Central shops down Broadway to First street.

When the river was reached Mr. Frakes dropped the wheelbarrow, and during the two minutes allowed for rest he wiped his brow and drew deep breaths. Then he lifted the wheelbarrow and started for Fifth street. Mr. Frakes supported Bryan, while Mr. Weikel voted for Taft.

BACKER DECLARES CASE AGAINST HIM IS SPITE MATTER

Denies Being in Saloon Sunday October 18, and More Witnesses Are Called.

Grocery Company Fined For Sunday Selling.

RETAIL DEALERS GET BUSY

George Backer, a saloon keeper at Ninth and Caldwell streets, was the first to be arraigned in police court for a violation of the Sunday closing laws since Mayor Smith's crusade several months ago, but on account of the conflicting statements of witnesses, who testified this morning, the case was left open until tomorrow morning. William Herbst, the prosecuting witness, testified that he bought beer at the saloon Sunday, October 18. Backer denied being in his place of business the afternoon the sale was alleged. Other witnesses who Herbst said were in the saloon at the time will be summoned. Backer alleges the warrant grew out of an altercation he had with a son of Herbst, who was fined in police court recently on a warrant procured by Backer, and that the present prosecution was brought in retaliation.

Grocery Case Appealed.

For an alleged violation of the Sabbath by selling groceries to a man named Womble, the Jake Biederman Grocery company was fined \$25 in police court this morning. Nick Smith was acquitted on a similar charge brought by the same witness, both cases being tried by jury. According to the evidence, Womble was employed by the Retail Grocers to detect grocers who sold goods on Sunday in violation of the law. Both defendants claimed Womble represented that he was in absolute need of the groceries and the defense was made on that point, the sale not being denied. Hon. Charles K. Wheeler appeared for the prosecution and several spirited tilts occurred between him and Judge James Campbell, attorney for the defense. The Biederman case will be appealed to circuit court.

Roosevelt in London

London, Nov. 6.—Roosevelt will occupy the country home of Pierpont Morgan when he reaches London on the completion of his African hunting trip. The house is already being overhauled in anticipation of the visit.

Federation Meeting

Washington, Nov. 6.—Samuel Gompers started for Denver, where the annual convention of the American Federation of Labor will be held next week. He declared he will answer on the floor criticism regarding his supporting Bryan and trying to throw the federation to the Nebraska. He said he is not seeking re-election as president of the federation. He will serve if elected, otherwise he will remain in the ranks. He believes he pursued the right course and expects criticism, but will answer it.

Gompers Re-elected.

Chicago, Nov. 6.—Many delegates to the federation convention are gathering here preparatory to starting for Denver. The majority express the belief that Gompers will be re-elected. A plan to defeat Daniel Keefe for vice president, because he supported Taft, is dropped. It is doubtful whether Mitchell will be a candidate for re-election as vice president.

MORSE GIVEN 15

YEARS SENTENCE

ON FRAUD CHARGE

New York, Nov. 6.—Morse was given fifteen years. Sentence was suspended on Curtis. They were found guilty last night on charges of misappropriation of funds of the National Bank of North America. On the conspiracy charge the verdict was acquittal.

Curtis, freed, returned to his home in the fashionable part of the city. Judge Hough explained that he believed Curtis was under the influence of Morse. Mrs. Curtis fainted when the sentence was announced. Morse never flinched. He was taken back to the Tombs, where both men passed the night. Attorneys are seeking to stay the sentence and will ask for a new trial. Morse was sentenced to the Atlanta, Ga., prison.

News of Theatres

"Human Hearts."
 "A strong impression did 'Human Hearts' make upon a prominent clergyman in New York, that wrote to the gentleman impersonating 'Tom Logan,' vigorously endorsing the play and informing him of his intention of trotting all the clergymen of a local asylum out to see it at his own expense. And he did it."

"You cannot conceive," said Manager Nankeville, "of the appreciation of those youngsters at the change of whom thus afforded them, unless you had listened to that gallery the day they attended." "With the 'gods' present," he continued, "as often as I have myself enjoyed sitting through it, it was an enjoyable as a box of crackers sprinkled over with tears. Quite often since, have city schools, whose principals were aware of the great merit in the play, been given half a holiday, that the youngsters might enjoy a matinee. And what out-spoken critics the tots have been! You can't get a favorable criticism or a padded eulogy for love of money from a juvenile. You must give him the goods, or he denounces you broadcast, and I am really grateful to the tots of America for their appreciation of what all now agree to be one of the best American plays."

"Human Hearts" comes to the Kentucky Saturday matinee and night, Saturday, November 7.

Black Patti.
 There are many ways in which the Black Patti Troubadours differ from all colored attractions, and a visit to see this best of all shows when it comes to the Kentucky November 13 will compel those who have been complaining, that all shows are alike to qualify this statement by adding except the Black Patti Troubadours, and this year the 13th Trans-American and California tour is mapped out. The many new musical hits include "Shooting Time," "Silas Green From New Orleans," "Texarkana Blues," "Oh My Miss Mandy," "And So Was I," "Mandy Lane," "Move On Mr. Moon," "Farewell Brother Silas, Fare You Well." A smashing olio of vaudeville acts comprises—Whitney and Tutt Comedy Duo, in a "Soldier of Fortune," "Slim Henderson" the "New Orleans Honey Suckle," the Woodens "fancy trick bicyclists and jugglers," James Goodman "20th Century Marvel," "Black Patti, the greatest singer of her race."

"Marrying Mary."
 Edwin Milton Royle, whose smart musical play, "Marrying Mary," with Florence Gear and a large singing company, will be seen at the Kentucky theater on Tuesday, November 10, is one of the most painstaking of writers. He prepares his effects studiously and dexterously. His instinct of the picturesque is rarely at fault, he understands his characters and arranges his scenes with a keen eye for effect. He is a strong, individual personage. His dialogue is copious and appropriate, and his dramatic points made with precision and rare insight into the essentials needed at the moment. He is imaginative and determined. His English is easy, nervous, with a kind of eloquence that is at once scholarly and homesy. What he says is said so naturally that you accept it as the genuine outcome of the man's own experience and conviction. His "The Squaw Man," "Friends," "Captain Impudence," "The Struggle Everlasting," and "Marrying Mary," exhibit a man of wide knowledge of men and things and a keen appreciation of all that goes to make men and women sane, human beings. He is first of all a dramatist, an artist, that is, whose function it is to tell a story in action and by the mouths of personages. Whimsical and absurd as he sometimes is—for effect—he is never either the one or the other at the expense of nature.

Tim Murphy.
 Good cheer will run up its pennant at the Kentucky soon when Tim Murphy, accompanied by Miss Dorothy Sherrod and a long cast of excellent artists, presents his latest success, "Cupid and the Dollar." The author, Charles Jeffrey, is new to the stage and he comes with a refreshing point of view, novel ideas and an unbacked method of presenting them. Mr. Murphy has the best role of his career, a typical American of mingled shrewdness and humor, and wholly lovable. The

All His Trouble in Vain.

To reach the loft of the Thompson Transfer company, 210 South Third street, Joe McKnight, colored, is alleged to have climbed a telephone pole and jumped in a rear window.

Then it is alleged that Joe rolled a bale of hay into the alley. As a precaution McKnight went to the front of the stable and chatted with the drivers for a few minutes. Then he went to the alley and picked up the bale of hay and started off. The scheme was broken up by a pedestrian seeing the hay drop from the loft. Police Sergeant Emil Gourieux found McKnight with the hay and made him carry it to the police station, where he was locked up for petty larceny.

SCHOOL NOTES

The monthly meeting of principals was held this afternoon by Superintendent J. A. Carnegie. Only routine business was up for discussion. School was resumed this morning in the first grade of the Whittier building after the room had been fumigated thoroughly. A case of diphtheria was discovered among the pupils, but the health officials have taken steps to prevent an epidemic.

VOTE THIS YEAR IS MUCH LARGER THAN IN 1904.

One of the interesting developments of the recent election was that although the Republicans polled 600 more votes than at the last presidential election, they were defeated by 600 more in the county than in 1904, on account of the Democratic primary vote. Ninety percent of the vote registered was polled.

MARRYING MARY
 By Edwin Milton Royle.

HOW IT MIGHT HAPPEN. V.

Here is a catastrophe that would not happen if drivers of vehicles would not drive rapidly out of a cross street and across the tracks. A driver was asked once what he did all day. "Sometimes I sit on the seat and think" he said "and sometimes I just SIT." Caution your driver to think—and listen and look—and go slow—when he comes out of a cross street to go over the car tracks.

There would be no excuse for you if you read this and forgot it. What apologies would you make to the dead horse?

Keep Baby Healthy; Free

No child can be well and strong unless its bowels move regularly every day at the same hour. Such regularity promotes good health. One passage is absolutely necessary, while two are not too many.

There is one remedy that is especially adapted to the needs of children, and which thousands of American mothers are using today, and that is Dr. Caldwell's Syrup Pepsin, the great herb laxative compound. Its gentle action, so free from griping, its tonic effects, and its perfect purity, vouches for its use in the United States Government, makes it an ideal children's laxative.

Mrs. M. F. Cash, of Webb, Okla., is an old-time friend of this wonderful child's remedy and she says she could scarcely keep house without it. She became acquainted with it through Dr. Caldwell's offer of a free trial bottle, which she found so effective on her baby that she now always keeps it in the house. Mrs. K. L. Stout, of Louisville, Ky., also first used it in a free sample, then bought it of her druggist at the regular price, which is only 10 cents or 25 cents a bottle. It gave her little girl a splendid appetite and a vigorous stomach. Where Dr. Caldwell's Syrup Pepsin once made its way into the home it makes a life-long friend. They soon discard salts, pills and powders.

Those who have never yet used Dr. Caldwell's Syrup Pepsin should begin to do so, for they are missing a valuable household friend. In order to acquaint you with its merits at no expense to yourself, the doctor will send you a free trial bottle on receipt of name and address. It has been justly called the nation's safeguard to health in the cure of constipation, dyspepsia, heartburn, liver trouble, sick headache, sour stomach and similar digestive ailments.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 227 Caldwell Bldg., Monticello, Ill.

TARIFF REVISION

WILL BE URGED BY JUDGE TAFT AT ONCE.

President-Elect Says He Will Carry Out Platform Pledge to the Letter and Spirit.

Cincinnati, O., Nov. 6.—That Judge Taft is fully determined to do all in his power to bring about a revision of the tariff is indicated by a declaration made today that the first thing he will do after his inauguration will be to call for an extra session of congress to take up the question. During his campaign he expressed the firm belief that revision was necessary. That he regards the problem as one of the most important that will come up during his administration, and that it is uppermost in his mind now, was shown by his declaration made while discussing the issues of the campaign.

Asked regarding the pledges made on his speaking tour, he stated that he would do all in his power to keep all of them, but made specific mention of the one regarding revision of the tariff. He declined to take up the matter in any of its details, saying that he had been so badly fagged by the campaign that he could not attempt such discussion at this time. He will devote much time to a study of the problem during the winter months and make it the exclusive subject of a special message that he will prepare for submission to the special session of the new congress that he will call immediately after the inauguration.

TAFT MADE GOOD RACE THIS TIME

Electoral and State Vote Compares With Others.

Bryan Made No Material Gains in Popularity Over His Previous Experiences.

COMPARISON WITH PARKER

Taft Electoral Vote 327
Bryan Electoral Vote 156
Taft's Majority 171

Some interesting comparisons can be made between the Bryan vote this year and that in his former campaigns, and all of it reflects to the credit of William Howard Taft; for without the party harmony that smoothed the way for the McKinley victories, and the striking career of Roosevelt, that awakened the popular imagination, he ran quite as good a race as either, and the popular majority fell behind that of Roosevelt principally in those states where local issues elected Democratic governors, carrying with it a slump for the whole Republican ticket.

A comparison in the electoral vote with the terrific majority of Roosevelt is almost unfair to Taft, on account of the circumstances attending the Roosevelt campaign, and yet Taft fell behind Roosevelt apparently only nine votes and his majority over Bryan is only 25 behind Roosevelt's majority over Parker, with the seven votes of Oklahoma added to the Democratic string since 1904.

Bryan carried just three states outside the solid south: Nebraska, his home state; and Colorado and Nevada, where the mining troubles aroused hostility to the federal government. He lost three southern states, West Virginia, Maryland and Missouri on the face of unofficial returns. He did not carry a single state which he failed to carry in either of his previous races, and Nebraska and Nevada are the only states he carried which Parker failed to carry; while he lost Maryland, which Parker carried. His majority in Kentucky is slightly under that of Parker.

In 1896 McKinley had 271 electoral votes and Bryan 175 out of 447. In 1900 McKinley had 292 and Bryan 155 out of 417. In 1904 Roosevelt had 336 electoral votes and, Parker 149 out of 476. In 1908 Taft has 227 and Bryan 156 out of 483.

The history of the shifting states in the Bryan era of our political history is exceedingly interesting.

States which Bryan carried in 1896 but failed to carry in 1900—Kansas, Nebraska, South Dakota, Wyoming, Utah, Washington. Lost in 1896 (all but one electoral vote) but carried in 1900—Kentucky.

States carried by Bryan in 1904 which Parker failed to carry in 1900—Colorado, Nevada. Lost by Bryan in 1900 but carried by Parker (all but one electoral vote)—Maryland.

States carried by Bryan in 1908 which Parker did not carry—Nebraska, Nevada. Lost by Bryan but carried by Parker—Maryland.

A picturesque phase of recent political history is the way in which certain states have gone for and against Bryan:

TAYLOR CASE

REVIVED BY ELECTION OF DEMOCRAT IN INDIANA.

Wonder Expressed Whether Requisition for Former Governor Will Be Honored.

Indianapolis, Ind., Nov. 6.—In view of the election of Thomas R. Marshall the Democratic candidate, there is considerable discussion regarding the disposition of former Gov. W. S. Taylor, of Kentucky, and of William Finley, former secretary of state, who have been here since the Goebel trials, as refugees from Kentucky, charged with complicity in the killing of Goebel.

Under the last three administrations the commonwealth's attorney at Frankfort, Ky., has been unable to secure requisition papers from the governor of Indiana.

Marshall has not made any declaration as to his intentions, but if Governor Willson, of Kentucky, issues requisitions it is believed here that they will be honored and Taylor and Finley returned to Kentucky for trial. The authorities of Franklin county

VETERAN DYING

V. D. JONES CANNOT RECOVER FROM PNEUMONIA.

Inmate of Pewee Valley Home Contracted Fatal Melody Attending Political Rally.

Pewee Valley, Ky., Nov. 6.—V. D. Jones, an inmate of the Confederate home, who was a member of the J. T. Walbert camp of Paducah, is dying of pneumonia in the hospital of the institution. Mr. Jones attended a Democratic rally at LaGrange during the campaign and contracted a severe cold which developed into pneumonia. He was born in Hillsboro, N. C., February 15, 1823. He enlisted in the Thirty-eighth Virginia regiment of the Confederate army and served through the hostilities between the states. He was a photographer and had traveled extensively. He was one of the best known veterans at the Home, having taken many pictures and views in the neighborhood since being admitted in January, 1907. He has a daughter, Ora Jones, who is a student at the Kentucky Institute for the blind.

WILL PUBLISH

CONTRIBUTIONS TO REPUBLICAN CAMPAIGN TO COME OUT.

National Chairman Goes to Chicago to Wind Up Matters Appertaining to His Office.

New York, Nov. 6.—In a statement given to the press, Frank H. Hitchcock, chairman of the Republican national committee, announced that a complete list of all the contributions made to the Republican campaign fund would be made public in the near future. The list is a very long one. Mr. Hitchcock said, and will give every contribution made. It will be issued in printed form. Mr. Hitchcock will leave headquarters the latter part of this week for Chicago, where he will remain several days to settle up the business of the campaign in that city. On his return journey he will stop at Hot Springs, Va., where he will visit William H. Taft, the president-elect, for a few days, and then come to New York to close up the national headquarters here.

Doubtful States. In speaking of the states that are still in doubt, Mr. Hitchcock said that from the reports he has received

from state leaders, he was confident Montana and Colorado were safe for Taft. Mr. Hitchcock also said that he had received a telegram from State Chairman Hayward of Nebraska saying that he had not given up the state to Bryan. Maryland is regarded as close by Mr. Hitchcock, while advices from Missouri said that Hadley, Republican, had been elected governor, and that the state would probably go to Taft.

Mr. Hitchcock announced that national Republican headquarters would be closed by the end of the week except the suite of rooms which has been used by himself.

Talked With Taft. Mr. Hitchcock talked with Mr. Taft in Cincinnati, over the long distance telephone. He said that the president-elect was in excellent health and was looking forward to his trip to Hot Springs. He added that Mr. Taft had planned to take a house in Asheville, N. C., for the winter after his rest at Hot Springs. Mr. Hitchcock declined to discuss his plans for the future, and when asked whether he expected to spend the winter in Washington, declared that he had not thought of the matter. All questions as to reports that he was to receive an appointment in Mr. Taft's cabinet were evaded, as were questions on reports that he would soon assume the presidency of some large commercial or financial institution.

Daily Thought.
Make yourself necessary to some-
body.—Emerson.

Taft carried Missouri, Maryland
and West Virginia. He carried the
city of Memphis, and lacked less
than 200 of a majority in Atlanta,
reducing the plurality in Georgia
from 59,000 to less than 20,000 and
carrying eight counties. The "solid
south" is passing into history.

GOVERNOR WILLSON'S POSITION

Parker carried Kentucky over
Roosevelt by 11,893. Bryan carried
the state by approximately the same
plurality. There was a mighty effort
put forth by the night rider element
to run up a big Democratic majority
in order to make the vote look like
an expression of hostility to Governor
Willson. Kentucky is normally Demo-
cratic on national issues, breaking
over but the one time when the
Courier-Journal bolted, but the ma-
jority is too small to be comfortable
in a state election when moral issues
are involved.

Governor Willson made speeches in
the centers of the tobacco trouble.
Most of his time was devoted to a dis-
cussion of the local situation, and his
visits did good, in renewing assurance
to the law and order element that
they have a governor, who will stand
by them. In this judicial district and
in Calloway county the effect of his
speeches are evident in the result of
the primaries. While the people ac-
corded him enthusiastic demonstra-
tions everywhere he spoke, they re-
fused to regard the hostility of the
night riders to the governor as a re-
ason for changing their vote in the na-
tional election, and, too, Democratic
county primaries discounted the ef-
forts of the law and order element in
the sections most affected by disorder.
At later elections, when the situa-
tion is not confused with national
issues, the full strength and direction
of the law and order movement will
become more manifest. In view of
the threats of the night riders to re-
buke the governor, their failure to
make a showing against Taft greater
than that against such a strikingly
popular man as President Roosevelt,
demonstrates to Governor Willson
that his course has not been disap-
proved.

FRIENDS OF THE SCHOOLS MUST RALLY.

Friends of the schools, who fought
valiantly for the bonds, must not de-
sert the schools until the campaign is
finished. That was just the initial
skirmish. If they had won they would
not have been through. It may be
the failure of the bond issue will
prove a good thing in the end. If the
bond issue had gone through, those
who stood to the front might have
retired on their laurels satisfied, and
left the impoverished schools, embar-
rassed with a bigger establishment to
take care of and no funds with which
to meet the increased expense ac-
count.

Now, the friends of the schools
must rally their forces and prepare
for the next battle. A bond issue of
an amount sufficient to make needed
repairs, secure proper equipment and

improve the sanitary conveniences
must be secured. That is one fight.
In order to win it, they must be able
to show the voters just how every
cent derived from the bonds can be
used to advantage.

Next in importance is securing
larger annual revenue for the schools.
They must go to the legislature for
that, and the other three cities of the
second class must be won over. If
the legislature will increase the maxi-
mum for school purposes to about 50
cents on the \$100, allowing the other
cities to maintain the levy at the
present figures, if they desire, it will
be all Paducah demands. Then the
school board should be reduced from
twelve to five men, elected from the
city at large, and the revenue, or a
certain specified portion, should be
held sacred by law for the teachers' pay.

In order to accomplish these ends
work must be commenced at once,
and an organization should be
formed, through which the city may
get in touch with the other three
cities and with the legislators. Too
frequently cities wait until the legis-
lature is in session, and conflicting
interests tie up the legislators, before
they press their claims.

Particularly the women should re-
main with this cause until the schools
win. The women are more insistent
in their advocacy of a cause, more
single minded in their devotion to a
purpose, than are men, and they have
a great work before them, which
pressed at this time while the public
attention of Paducah is riveted on the
schools, can be accomplished with the
least effort.

HOW THEY TAKE IT.

"The triumph of the Republican
party this year demonstrates all the
more clearly the need of a strong
Democratic organization. The strong-
er the Republican party, the more de-
termined should be Democracy. The
people of the United States would be
entirely at the mercy of the Republi-
can party if Democracy did not exist."
—Louisville Times.

"The Democratic party, though de-
feated, is in a much stronger position
today than at any time since the vic-
tory of 1892. The defeat of Mr.
Cleveland in 1888 was, all things con-
sidered, more disastrous than that of
Mr. Bryan this year. The Democrats
have made more gains in this election
than in any election since 1884, and
the Democracy is a more vigorous,
a more harmonious and a more effec-
tive organization than it has been as
a minority party since the days of
Tilden."—Lexington Gazette.

"This year's defeat of the party is
but a temporary halt in the Demo-
cratic march to national victory. The
principles of Democracy must finally
prevail. The one important thing for
Democrats to do, besides zealously
cherishing and maintaining these prin-
ciples, is to select for their leaders
only the strongest and worthiest; to
discard demagogues and self-seekers."
—Hopkinsville New Era.

"So amid the unneighborly and
unpatriotic vociferation of the Republi-
cans, the jubilation and intolerance
of the Nondescripts flocking to the
winning side—the blatant bullying of
the leaders alike of predatory wealth
and of plundering politics—let us sit
steady in the boat, sustained by our
own rectitude and holding to the oars
of what we conceive to be good gov-
ernment in the nation and in the
state."—Courier-Journal.

"A dynasty is in sight and the peo-
ple may never rule again."—Ken-
tucky State Journal.

WARNING SENT

LAW AND ORDER MAN RECEIVES A NOTE.

He Condemned Outrage in Tennessee Town and the Night Riders Get After Him.

Jackson, Tenn., Nov. 6.—"Stay off
the streets at night and on Sunday or
you will wake up in hell some of
these mornings," was the message,
signed "Chief of Night Riders," that
was sent to H. D. Robertson, of Den-
mark, the letter being mailed in
Jackson.

This fact was learned in the city
last night from a gentleman whose
home is at Denmark. He states that
Denmark is wild over the occurrence.
When the gentleman told of the mes-
sage last evening it traveled rapidly
over the city and many are speculat-
ing on the question of night riders in
Jackson.

This message was written on ordi-
nary white paper and the letter was
mailed and evidently written in this
city. Should there be an order of
this kind in Jackson, no one has
learned of the fact.
The occurrence is not treated as a
joke and Mr. Robertson and his
friends are anxious over the outcome.
It was stated that the cause of the
letter being written to Mr. Robertson
was that he strongly condemned the
robbing of an old negro man in Den-
mark several nights ago. The old
negro was met on the street by two
known parties, knocked down and
robbed. Mr. Robertson, it seems, con-
demned this lawlessness in no uncer-
tain terms. Some people in that town
think that the parties who robbed the
negro, are the authors of the note.

liciting business.

One of the main features of the
trip will be the addresses on the sub-
ject of "Arts and Sciences of Chi-
cago," by Professor Nathaniel Butler,
dean of the college of education at the
University of Chicago.

"People have heretofore talked of
us as a commercial body merely after
the almighty dollar," said Walter D.
Moody, business manager of the as-
sociation, "and we have determined
that this impression shall not be the
most pronounced in this excursion."

A letter that is being sent in ad-
vance to the towns that will be visit-
ed is:

"The delegation will have the use
of three cars. The train will leave
the Illinois Central depot at 7 o'clock
Sunday night and will return Nov. 22,
and arrive at Paducah Monday, No-
vember 9, at 7:45 p. m. Leave Pa-
ducah Monday, November 9, at 1:35
p. m.

Advantages Seen in Trip.

The object of the coming invasion
of the southland, and the results an-
ticipated for the "Great Central Mar-
ket" were discussed by various mem-
bers at the meeting yesterday.

"If such trips as these could have
been made many years ago and such
organizations as the Chicago Associa-
tion of Commerce had been in exist-
ence," said Edward M. Skinner, chair-
man of the executive committee of
the association, "there would have
been no civil war, and this trip would
do much in bringing into closer busi-
ness and social relations the north
and south. The young men are mak-
ing the country what it is and Chi-
cago today depends upon the young
men for its future."

John Gibson, president of the Ma-
nila Merchants' Association of the
Philippine Islands, also made an ad-
dress.

"The Manila Merchants' Associa-
tion," he said, "is the most cosmo-
politan of all business associations in
the world. Although less than twenty
years old, it has subscribed \$50,000
to make known to the world the great
resources of the islands.

"We have gold in abundance, now
being mined by five American com-
panies; we have coal in the greatest
quantities, but more than 75 per cent
of our coal is imported from Japan
and other countries, because of the
lack of facilities for mining our own
coal.

Philippines Rich in Wood.

"The islands have 40,000,000 acres
of all kinds of woods, a wealth of
timber not exceeded anywhere, from
which the United States will soon have
to draw a supply. We have millions
upon millions of acres of land as rich
as the land in the Mississippi valley.
Only 11 per cent of this is under cul-
tivation for the support of the popu-
lation of 8,000,000 people.

"The Philippine Islands have com-
e to us as a divine donation, not through
any effort on our part. They are a
great paradise as compared with the
Japanese islands. All we want is the
legislation that will give us the same
advantages that are given Porto Rico
and the Sandwich Islands. We want
those laws that mean simply justice
to the Philippine Islands."

Short talks were made by J. P.
Hovland, E. H. Pitkin, Howard Ed-
ling and John W. Scott and Edwin S.
Conway, chairman of the deep water
way committee, closed the speaking
by cheering the success of the "little
ballot" at the polls Tuesday. He of-
fered a resolution, which was unani-
mously adopted, thanking the press
of Chicago for "the noble and per-
sistent stand and work that has been
done for the deep water way and for
the able and consistent manner in
which the people and voters were in-
formed as to the purpose of the little
ballot and the proposed deep water
way from the great lages to the Gulf
of Mexico."

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain, great care being used
to have every kernel thoroughly malted, thus destroying the germ
and producing a predigested liquid food in the form of a malt essence,
which is the most effective tonic stimulant and invigorator known to
science; softened by warmth and moisture, its palatability and freedom
from injurious substances render it so that it can be retained by the
most sensitive stomach.

It is invaluable for overworked
men, delicate women and sickly
children. It strengthens and sus-
tains the system; is a promoter of
health and longevity; makes the
old young and keeps the young
strong.

CAUTION.—When you ask your druggist,
grocer or dealer for Duffy's Pure Malt Whiskey,
be sure you get the genuine. It is the only
absolutely pure medicinal malt whiskey, and
is sold in large sealed bottles only; never in
small, cheap, sealed bottles. Look for the trade-mark
"Old Chemist," on the label, and make sure
he seal over the cork is unbroken. Write

ropolis, blew out one of her eight
twin lines late yesterday afternoon,
while on a trip up the Tennessee af-
ter a log raft. The accident to the
boat happened about a half mile this
side of Brookport. Richard Franklin
the fireman, was burned about the
face, neck and arms by the steam
and boiling water, and was knocked
down by the force of the explosion.
Franklin crawled out of the engine
room on all fours. His burns are not
serious. Capt. J. B. Smith, of 1740
Harrison street, owner of the boat,
who is in charge, was in the pilot
house sitting on a stool. Captain
Smith was knocked off the stool by
the force of the explosion, which was
directly under the pilot house. Cap-
tain Smith headed the boat for the
Kentucky shore immediately after
the explosion, but the steam gave out
and anchor was dropped in mid
stream. After the steam and vapor
had cleared away the crew discover-
ed that the bed clothes in the cabin
were on fire. The fire was soon put
out by the use of the fire hose. The
boiler room and cabin were damaged
to the extent of about \$200. Cap-
tain Smith will not repair the old
hulled but will put in a new one which
will cost about \$1,000. The boat will
be repaired immediately. The George
Cowling brought the Nellie to the Pa-
ducah wharf.

"Under the Mistletoe Bough" Has Taking Features.
"The Male Dancing Stunt" will be one of the special features of the musical spectacular "Under the Mistletoe Bough," which will be given at the Kentucky theater on November 12, under the direction of Mr. E. C. Stearns, of New York, for the Paducah Woman's club. Those who will take part in this are: Mr. Douglas Bagby, Mr. Salem Cope, Mr. John Brooks, Mr. Vincent Salvo, Mr. Fred Wade.

The boxes for the performance have all been taken this far in advance and the audience promises to be a record-breaking one.

Artistic Musical Program at Woman's Club Meeting.
The open meeting of the Woman's club yesterday afternoon was under the direction of the Musical department of which Miss Virginia Newell is the chairman. The program was artistic in the arrangement and beautiful in its rendition and was charmingly satisfying to the large audience. Those taking part were: Miss Allie Wright, of Mayfield, pianist; Miss Mabel Wright, of Mayfield, violinist; Mrs. James Weille, contralto soloist, and Miss Newell accompanist.

The Misses Wright rendered two numbers each. The piano solo "Romance" by Svendsen was exquisitely played by Miss Allie Wright in opening, and her closing number was "Rhapsody in A minor" by Liszt. Miss Wright is an honor graduate of the Cincinnati College of Music and is a musical artist of rare charm. The violin solos of Miss Mabel Wright were rendered with sympathetic skill and gave much pleasure. The first was a double number by MacDowell, a "Idylle" and a "Shadow Dance." "Cavatina" by Raff and "Serenade" by Piere were the concluding numbers. The Misses Wright made a delightful impression here. They were the guests of Mrs. James A. Rudy, president of the Woman's club.

Mrs. Weille's beautiful voice showed to especial advantage in the series of six contralto songs by Ashford entitled "Moods," which she delightfully interpreted. Miss Newell accompanied her with charm and skill. At the business meeting of the club held previous to the program, it was voted to change the quorum of the board meetings and the club meetings. The board quorum was reduced from 8 to 5 and the club quorum from 15 to 11. One new member was received, Mrs. John W. Little.

LIKE A MIRACLE SAYS SKIN SUFFERER.

Frightful cases of eczema cured by simple oil of wintergreen. Physicians in general admit the superior value of simple medicines for all diseases.

For eczema and other skin diseases of a similar nature, certainly nothing in the world could be simpler than the formula for D. D. D. Prescription (oil of wintergreen compound in liquid form) now recognized as the remedy.

This wonderful remedy is composed principally of common oil of wintergreen, carefully combined with such well known healing and antiseptic substances as thymol, glycerine, etc. Read this letter:

"About December, 1905, I sent to you for a sample bottle of your remedy, stating that I had a case of psoriasis of five years' standing. After trying it I ordered through my druggist, Mr. E. P. Griffin, six bottles of your remedy. I showed him how I was afflicted. The disease had covered my limbs, part of my body and began breaking out on my face.

"I began using D. D. D. Prescription according to your directions. Used five bottles and was cured sound and well. I showed my druggist again and he was surprised. Said it looked almost like a miracle to him.

"That has been almost a year ago and I see no signs of its return. I wanted to see whether it would come back or not, before writing you my everlasting thanks for such a great remedy.

"My skin is just as soft and nice as it ever was."

Wedding at Sharp.
Miss Bettie Miller and Mr. Ernest Rudolph, popular young people of Sharp, were married last night by the Rev. Samuel Rudolph at Sharp. It was a pretty home wedding with relatives and friends present. Today a wedding dinner was given the young couple at the home of the bridegroom and tonight they will leave on a short bridal tour. The only attendants at the wedding were Misses Lucy Rudolph and Beulah Phelps. The bride is a pretty young woman of Sharp, and has many friends. Mr. Rudolph is the son of Mr. and Mrs. Samuel Rudolph, and is a prosperous young farmer of Sharp.

The Rev. W. H. Pinkerton, of Ghent, was in the city yesterday en route to Missouri, where he will conduct revival meetings. It was Mr. Pinkerton's first visit to Paducah for some time, and he was greeted by many friends.

Mrs. W. L. Young, 1213 Broadway, has returned from Lone Oak after a visit to Mrs. B. Rudolph.

Mr. and Mrs. George Englert, of Twenty-seventh and Tennessee streets are the parents of a fine nine pound baby boy.

Superintendent A. H. Egan and Dr. D. G. Murrell, of the Illinois Central railroad, went to Louisville early this morning.

Mrs. George Thorp, of Mayfield, arrived this morning on a visit to Mr. and Mrs. I. Merritt.

Mr. Frank B. Potter went to Owensboro today to visit on Sunday.

Postmaster Wilson, of Martin, Tenn., and his little granddaughter, Lillian B. Cox, are visiting Mrs. W. E. Barkley, 1611 Monroe street.

Mrs. M. Ford, of Folsomdale, arrived this morning on a visit to Mr. and Mrs. Joseph Ford, Seventeenth and Tennessee streets.

Mr. M. L. Farmer, of Fulton, was in Paducah today.

Mr. M. L. Davis returned from Folsomdale this morning.

Mr. J. Vance Park, of Metropolis, was in the city yesterday on his way to Tennessee to inspect lumber for the bent wood works of Metropolis.

Mrs. Sam Starks, formerly of 127 North Seventh street, has rooms at Mrs. Fannie Baker's, 533 Madison street.

Mr. Harry Judd, 723 South Thirtieth street, is ill of grip.

Dr. B. L. Bradley, 1524, Monroe street, is ill of bronchitis at his home and will be unable to be out for several days.

Miss Mamie O'Brien, 1901 Jefferson street, left at noon today for Springfield, Tenn., to visit a month with relatives.

W. S. Griffith, tobacco warehouseman, of Benton, is in the city this afternoon.

Mr. S. T. Randle returned from Graves county this morning after a trip on business.

RACE FOR SPEAKER

MANY AFTER JOB

Illinois Republican Leader Interested in Choice.

Louis J. Pierson and E. J. King Are Among Those Expected to Enter the Lists.

SHURTLEFF MAY RUN AGAIN

Chicago, Nov. 6.—The speakership of the Illinois house of representatives now becomes the chief topic of interest to the political leaders, who are already preparing for the assembling of the new legislature.

As the list of new members of the general assembly is now made up from practically complete returns from the fifty-one districts, the Republican side of the house will be exactly the same size as in the last legislature. The roster as made up shows that the Republicans have chosen 89 members, the Democrats 63 and the Prohibitionists 1. The Democrats gain two which the Democrats lose the two which the Democrats have secured.

May Oppose Shurtleff.
Edward D. Shurtleff, who has been speaker of the house for the past two sessions, is all but an announced candidate to succeed himself. It is understood that a working organization has already been perfected to secure his choice again as wielder of the gavel. In all likelihood Mr. Shurtleff will be opposed by Louis J. Pierson, of Wilmette, representative from the seventh senatorial district. It was declared that Mr. Pierson is shortly to announce his candidacy with the expectation of receiving more than cordial support from Governor Deneen and the state administration.

From Galesburg came the word that Representative E. J. King has been urged to announce his candidacy and will probably do so. William Tudor AgMadoc, who served his first term during the last session as a representative from one of the Hyde Park districts, is seriously considering getting into the race. John L. Flannigan, of East St. Louis, who has been an announced aspirant for the speakership, finds on the face of the unofficial returns that he is tied with one of his Democratic opponents for the third place from his district. The result of which unlooked-for situation may have a baneful effect upon his aspirations.

As to the senate the defeat of Orville F. Berry, floor leader of the senate, is confirmed by complete returns from the thirty-second district. The defeat of Berry was a most crushing blow to the main cogs of the senate organization. The full effect of the cleaning up of the Carthage statesman by his constituents will not be appreciated until the wheels of legislation begin to revolve at the state capital.

Trainmen Arrested

On affidavit of John Smith, a colored brakeman of the Illinois Central that he was made the victim of hold-up men while he was "deadheading" to Fulton on freight train No. 656, near Krebs Station early this morning, and \$46 in money was stolen from him, Will Sweeney, white, flagman of the train, and James York, the negro brakeman, were arrested at Fulton this morning and brought to the McCracken county jail by Officers Carter and Gholson, of the Fulton police force.

Smith said he was riding in the engine cab when York told him he was wanted in the caboose by two special agents. When the caboose was reached he found the two trainmen who were arrested and two other white men, who grappled with him, he said, one striking him on the head with a piece of wood and knocking him down. Smith said that after his money was taken from him he showed fight and one of the white men shot at him, the ball striking a book in his hip pocket in which it was buried. He said Pagan Sweeney tried to force him to jump from the train, which was moving at rate of 40 miles an hour.

When the Fulton officers searched the train they failed to find the white men described by Smith, but took the brakeman and flagman into custody. Because the robbery occurred in McCracken county the prisoners were brought here and locked up in the county jail. Sweeney's home is at Mayfield, while York lives at Fulton.

Mrs. James H. Black and daughter Evelyn, of Terre Haute, Ind., will return home tomorrow after a several weeks' visit to Mrs. Black's father, Mr. John W. McKnight, and sisters, Mrs. M. G. Cope and Mrs. Elizabeth Teasdale.

The board of health will meet tomorrow afternoon at 2 o'clock in the mayor's office at the city hall.

"Gimme that crown of thorns,
Pass me that cross of gold;
I'm going to beat it for Lincoln
Before the weather gets cold.
Hand me that silver dreambook,
And that hush about bank guaran-
tees;
I'm going to hike for Nebraska.
So don't detain me, please.

"Gimme that thorny crown,
Pass me that golden cross;
I'm going to skip from the White
House steps,
For yonder comes the boss;
It's big Bill Taft with a bundle,
And I know what he's got inside:
If I'd lost poor little Nebraska,
I think I'd have gone and died.

"Gimme me that crown of thorns,
Pass me that cross of gold;
I've hung around this place so long
That I think I'm growing old.
My eyes are a little dimmer
Than they were in '96,
But I'll find a paramount issue,
If I have to swim the Styx.

"Gimme that thorny crown,
Pass me that golden cross;
I'm going to beat it for Lincoln.
For I think I see the boss:
'Shall the people rule?' I asked them
A few short months ago;
Well, it looks just a wee bit like it—
Good-bye; I've got to go."

The Modesty of Women

Naturally makes them shrink from the
indiscrete questions, the obnoxious ex-
aminations, and unpleasant local treat-
ments, which some physicians consider
essential in the treatment of diseases of
women. Yet, if help can be had, it is
better to submit to this ordeal than let
the disease grow and spread. The trouble
is that so often the woman undergoes all
the annoyance and shame for nothing.
Thousands of women who have been
cured by Dr. Pierce's Favorite Prescription
write in appreciation of the cure
which dispels all the examinations
and local treatments. There is no other
medicine so sure and safe for delicate
women as "Favorite Prescription." It
cures debilitating drains, irregularity and
female weakness. It always helps. It
almost always cures. It is strictly non-
alcoholic, non-secret, all its ingredients
being printed on its bottle-wrapper; con-
tains no deleterious or habit-forming
drugs, and every native medicinal root
entering into its composition has the full
endorsement of those most eminent in the
several schools of medical practice. Some
of these numerous and strongest of pro-
fessional endorsements of its ingredients,
will be found in a pamphlet wrapped
around the bottle, also in a booklet mailed
on request, by Dr. R. V. Pierce, of
Buffalo, N. Y. These professional en-
dorsements should have far more weight
than any amount of the ordinary lay, or
non-professional testimonials.

The most intelligent women now-a-days
hesitate on knowing what they take as medi-
cine instead of opening their mouths like
a lot of young birds and gulping down
whatever is offered them. "Favorite Pres-
cription" is of known composition. It
makes weak women strong and sick
women well.

Dr. Pierce's Medical Adviser is sent free
on receipt of stamps to pay expense of
mailing only. Send to Dr. R. V. Pierce,
Buffalo, N. Y. 21 one-cent stamps for a
per-covered, or 31 stamps for cloth-bound.
If sick consult the Doctor, free of charge
by letter. All such communications are
held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate
and regulate stomach, liver and bowels.

mittee J. W. Orr was granted \$50 for
the services of an assistant.

Residents of the west side of North

RESPECT MEMORY
OF HON. CHAS. REEDAldermen Will Adopt Resolu-
tions Next Meeting.

Ferry Franchise, Street Car Service,
Expenses of Hospital Are
Considered.

REGULAR NOVEMBER MEETING.

A committee was appointed at last
night's aldermanic meeting to draw up
resolutions of respect to the memory
of the late Hon. Charles Reed, for his
services to the city of Paducah.

The motion was made by Alderman
Oehlschlager, and the committee ap-
pointed was Aldermen Wells, Hank
and Oehlschlager.

Two of the reports received and
filed by the council were objected to
by members of the upper board. First
was the clause in the report of the
finance committee on Riverside hospi-
tal, its running expenses and its
profit to the city for the last half of
October. Alderman Wells brought up
the objection and made a motion that
the maintenance and operating ex-
penses pertaining to Riverside hospi-
tal be approved by the hospital
board before being submitted to the
finance committee. The hospital has
cost the city a little over \$600 to
carry it through a half month, and the
money the city derived from the hospi-
tal was \$100 more than the operat-
ing expenses. Alderman Wells
thought the operating expenses were
entirely too large for the amount the
city derived from the hospital. The
report was received and filed and ac-
counts to the amount of \$19,330.50
were allowed.

The second objection was made to
the part of the report of the board of
supervisors, reducing the assessment
of the Woman's club building to \$1-
000 from \$4,000, and requesting the
city to refund the money for taxes
paid for an assessment of more than
\$1,000. Alderman Wells was again
brought to the front with an objec-
tion to refunding the money on in-
formation from City Solicitor James
Campbell that the board of equaliza-
tion has no right to change the rate
of tax assessment unless the club is
truly a charitable institution. The
report was received and filed. On
motion of Alderman Miller the re-
port was concurred in excepting as to
the request to reduce the assessment
of the Woman's club. On motion of
Alderman Stewart, City Solicitor
Campbell was requested to confer
with the board of supervisors relative
to the lowering of the assessment and
refund of taxes on the Woman's club
property.

The reports received and filed were
those of Milk and Meat Inspector Ed
P. Parley, Chief of Police James Col-
lins and the city treasurer's and city
auditor's reports for the month of
October.

May Borrow Money.

The finance committee requested
the board to authorize the mayor to
borrow enough money for general ex-
penses till the money for the last half
of the year's city taxes were received.
The request was granted.

City Engineer L. A. Washington
was granted a two weeks' leave of
absence to visit his father in Virginia.
The ordinance committee was an-
thorized to bring in an ordinance
providing for a 15 minute car service
to all parts of the city. This question
was brought up before both boards
several weeks ago.

On motion of Alderman Stewart,
the city engineer was instructed to
find out the distance from the present
ferryboat landing to the foot of Eliza-
beth street and report to the ordi-
nance committee, so that it can bring
in an ordinance providing for another
ferryboat company, which wishes to
locate at the foot of Elizabeth street.
The present ferryboat ordinance says
that no other ferryboat can operate
within one mile of its landing.

A deed was granted W. R. Jones,
to lot 2, block 4, in Oak Grove cem-
tery. The resolution governing the
placing of slabs and stones on graves
and of what material, was given first
and second passage.

On request of the finance com-
mittee J. W. Orr was granted \$50 for
the services of an assistant.

Residents of the west side of North
Third street, between Jefferson and
Monroe streets, asked for a sidewalk
to be put down, as the street, as it
now stands, is in a dangerous con-
dition. The request was referred to the
street committee.

Alderman Sherrill was elected pres-
ident pro tem, as President Hannan
was ill. Other aldermen present were
Aldermen Hank, Miller, Oehlschlager,
Stewart and Wells. Aldermen
Hannan and Baker were absent.

HERE IS PRAISE.

Japanese Press Put Taft Above All
Americans.

Tokio, Nov. 6.—The Japanese news
papers today all contained editorials
commenting upon the results of the
election in the United States. The
Kokumun, which is credited with
representing the views of Premier Kat-
sura, says:

"The world must be congratulated
on the election of Judge Taft, who,
because of his world-wide experience,
will probably prove to be the ablest
president America ever elected."

The Jiji and Asahi, the latter pub-
lishing a full bulletin service from the
last American election returns, com-
ments similarly.

The Hochi, an opposition paper,
discusses Judge Taft at length in a
laudatory character sketch. It says:
"The election of Judge Taft means
peace, righteous government and re-
cognition by the people of the United
States of the value of the policies in-
augurated by President Roosevelt."

The paper recalls Taft's visit to
this country and the speech that he
made while here, which, it says, were
consistently friendly toward Japan
and indicative of a broad policy to-
ward to whole far east."

FRANCE AGITATED

OVER GERMAN DEMANDS IN RE-
GARD TO DESERTERS.

In Germany it is Believed to Be An
Effort to Distract Public
Attention.

Paris, Nov. 6.—The generally good
impression upon financial sentiment
in this city produced by the election
of William H. Taft has been more
than offset at least temporarily, by a
recrudescence of anxiety over the at-
titude adopted by Germany in the
matter of the Casa Blanca incident.
This is the case of the desertion of
several Germans who had enlisted in
the foreign legion of the French
army. Germany asked arbitration of
the question of international law in-
volved in the right of Germany to
protect her subjects who had enlisted
in the foreign legion and who subse-
quently deserted. France accepted
this proposal, provided that the arbi-
tration should cover the question of
fact whether or not Germany inspired
the desertions in question. Germany
refused this counter offer, and France
has declined to modify her attitude.

German View of It.

Berlin, Nov. 6.—The relations be-
tween France and Germany are again
disturbed through Germany's seeking
from the French government the re-
lease of the Germans who deserted
from the foreign legion at Casa
Blanca, and additional satisfaction
for an alleged assault made upon a
subordinate official of the German
consulate at that place. The French
foreign office wishes to submit the
matter to arbitration, and M. Jules
Cambon, the French ambassador, is
endeavoring to reach an agreement
with the German foreign office to this
end, but so far without success.

Several of the evening papers take
up the subject and declare that it is
now necessary for Germany to insist
upon her rights. The German govern-
ment made serious representations to
France early in October with refer-
ence to this affair, which was prior
to the controversy which arose
through the publication of the em-
peror's interview, but the raising of
the controversy in the newspapers is
regarded by some of Chancellor von
Bismarck's critics as a device to divert
public attention from the emperor
and the chancellor to a foreign
quarrel.

LA FRANCE
SHOE
FOR WOMEN

Very often we hear women say that their
shoe troubles would be over if they could find
a shoe that would look as well in daily wear
as it does when they first see it and try it on
in the store.

We advise every woman who has this feel-
ing to find out about La France shoes. This
shoe is not only one of unusual beauty and
general merit, but it keeps its lines and looks
shapely, graceful and beautiful long after ordi-
nary shoes present a wrinkled, rundown and
generally disreputable appearance.

The reason for this is in the quality of the
materials used and the extremely skillful, work-
manlike manner in which they are put together.

Every woman who sees these shoes and
tries them on immediately becomes keenly
interested in them. We would like to have
you come in and let us interest you.

Are you troubled with foot discomfort? If so, ask to see the
La France Flexible Welt—they are something new in an ex-
tremely elastic leather sole which adapts itself to every move-
ment of the foot, and affords an amount of ease and comfort
found in no other model.

made heavy gains, Taft receiving a
plurality in eight counties and in two
others the result is in doubt, with in-
dications favoring the Republicans.
Watson carried a half dozen counties,
including his home county, McDuffie.
The full Democratic congressional
ticket is elected. A surprising feature
of the election in Georgia was the
small-vote cast for the Independence
party ticket. The vote for Yancey
Carter, the Independence candidate
for governor, in the recent election
for state officers, led many to believe
that the vote for Hagen and Graves

showed much larger than the results
show.

The Republicans made a strong
showing in Fulton county, in which
Atlanta is situated. Taft's total vote
being 2,910 against 4,820.

CONGRESS SAFE FOR REPUBLICANS

How Two Houses Will Stand
on Organization.

New York Politicians Startled By Report That Reid Wants Platt's Toga.

AMBASSADOR IS COMING HOME

SENATE—Total Vote, 92.
Republicans 60
Democrats 32
Republican majority, 28.

HOUSE—Total Vote, 391.
Republicans 215
Democrats 176
Republican majority, 39.

Chicago, Nov. 6.—According to returns from all congressional districts in the United States the next national house of representatives will consist of 215 Republicans and 176 Democrats. It is possible that these figures may be changed later by returns from a few districts from which entire figures have not been obtained.

The present membership of the house is 223 Republicans; 166 Democrats, and there are two vacancies.

Reid in New York.

New York, Nov. 6.—What was regarded as a sensation came to local Republican circles from authoritative party quarters that Whitelaw Reid, ambassador to Great Britain, will in all probability be the next United States senator from New York, to succeed Thomas C. Platt.

It was asserted that Mr. Reid has communicated his desire to retire from the ambassadorship. Mr. Reid admitted the attractions presented by the senatorship.

In many quarters it was held by Republicans in authority that the remarkable showing in Kings county would make Timothy L. Woodruff a formidable candidate to succeed Platt. It was argued that he would present an opportunity supporting former Governor Frank S. Black and Ellhu Root.

Being a young widow gets to be awfully monotonous.

CURES ECZEMA QUICKLY.

New Drug, Poslam, Now Obtainable in Small Quantities.

Since its discovery one year ago the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin affections. Heretofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this, and in response to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found at Gilbert's and other leading drug stores in Paducah, or may be ordered direct from the Emergency Laboratories, No. 32 West 25th street, New York City. In all eczema cases poslam stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

SPLENDID FOR THE OLD FOLKS

Prescription to Cure Rheumatism Which Anyone Can Mix.

Cut this out and put in some safe place, for it is valuable and worth more than anything else in the world. If you should have an attack of rheumatism or bladder trouble or any derangement of the kidneys whatever.

The prescription is simple and can be made up by anyone at home. The ingredients can be had at any good prescription pharmacy and all that is necessary is to shake them well in a bottle.

Here it is: Fluid extract dandelion, one-half ounce; Compound Kargon, one ounce; compound syrup of sarsaparilla, three ounces.

Take a teaspoonful after each meal and at bedtime. A few doses is said to relieve almost any case of bladder trouble, frequent urination, pain and scalding, weakness and backache, pain above the kidneys, etc. It is now claimed to be the method of curing chronic rheumatism, because of its direct and positive action upon the eliminative tissues of the kidneys. It gives them life and power to sift and strain the poisonous waste matter and uric acid from the blood, relieving the worst forms of rheumatism and kidney and bladder troubles. The extract dandelion acts upon the stomach and liver and is used also extensively for relieving constipation and indigestion. Compound sarsaparilla cleans and enriches the blood. There is nothing better than Kargon Compound for the kidneys.

This prescription is safe to use at any time.

The Hero Who Was Honored.
George Rogers Clark, an American general, was born in Albemarle county, Virginia, November 19, 1752. He died in Locust Grove, near Louisville, Ky., February 18, 1818.

He began life as a land surveyor. In 1772 he visited Kentucky and commanded a force of armed settlers there. In 1776 he was elected to the Virginia assembly and secured the formation of Kentucky.

In 1777 Clark was commissioned to take possession of the forts in the northwest territory, then under the jurisdiction of Virginia. He and his men embarked on the Ohio river, floating down to a small recess a short distance above Fort Massac. From here he went overland through water, swamps and difficulties innumerable, to Kaskaskia and Vincennes.

All of the fertile region northwest of the Ohio river was wrested from the British by the valor of this soldier, yet he died in poverty. The state of Virginia sent him a sword after he became old and poor, which he broke to pieces, exclaiming:

"When Virginia needed a sword I gave her one. She sends me now a toy. I want bread."

The Daughters of the American Revolution by diligent effort secured the passage of a bill through the state legislature in the year 1903, which appropriated \$10,000 for the purchase and restoration of the site of Fort Massac. Twenty acres of land were purchased, and work was commenced in the winter of 1904. The transfer of the fort to the state took place December 28, 1903.

A broad gravel drive encircles the fort, which was converted into a park, and numerous foot paths run in all directions. The four bastions have been rebuilt and mounted with cannon. At the corner that projects farthest out over the river a large standard has been erected, and by its side a stately monument towers in commemoration of George Rogers Clark and the heroes known and unknown who defended this sacred spot.

The trench which was dug around the fort is still discernible. The massive entrance which has been built to Fort Massac park is indeed a monument to the zeal and enterprise of the Illinois Daughters of the American Revolution.

Condensed History of Fort.
Fort Massac is on a rolling plain on the northern side of the Ohio river 38 miles from its mouth and 10 miles below Paducah, Ky. It commands an extensive view of the river. In its days of usefulness it stood 23 feet above highest water mark. From this point of vantage, with the aid of a field glass, objects were distinguished 14 miles down and 18 miles up the river.

As De Soto and his followers were the first white men to discover the Mississippi river, so were they the first to select a temporary resting place on the banks of the Ohio at Fort Massac. Hence, it was first occupied by white men in 1542.

In 1700 the French founded the first permanent trading post here for the purpose of securing buffalo hides from the Mascoutens (neighboring Indians). Indians from long distances came here and the French decided to send for the Jesuit minister (Father Mermet), as it was a good field for mission work. He called his mission Assumption and it was called Fort Assumption until 1731. This mission and trading post endured until 1705, when Indians routed the French. Another trading post and mission was stationed here from 1710 until 1756, the date of the French and Indian war. This post then consisted of a guard house, a palisaded house and a cabin used as a store room. In 1731 the old fort was partially rebuilt and during this year the massacre occurred, which changed its name from Fort Assumption to Fort Massacre or Massac.

Later N. Aubry was ordered by the French commandant of Canada to depart with 150 Frenchmen, 100 savages and three pieces of cannon to establish a fort on the Ohio river. With good judgment he selected the position once held by the old trading post, Assumption. The fort was completed June 2, 1757, the doors were closed and the cannon placed upon bastions.

The French continued to occupy the fort until the country was surrendered to the English. During the month of June, 1759, three hundred soldiers and six hundred Indians marched through Fort Massac to the relief of Fort Niagara. Early in 1760 the governor of Canada ordered that the fort be rebuilt and strongly fortified. Accordingly, it was terraced, fortified and reconstructed. A deep ditch was dug so as to surround the entire fort.

The same year of the French treaty of peace with England, 1763, Capt. Thomas Stirling embarked with the Forty-second English regiment and descended the Ohio to its mouth, accepting the surrender of Fort Massac en route. The military agents of the English urged the repair and occupancy of the fort immediately upon its surrender by France, but England did not heed it. Had it been held and well manned and equipped, George Rogers Clark's expedition might have been seriously hindered. During the thirteen years the British held the country Fort Massac was under the command of Thomas Stirling, Robert Farmer, Edward Cole, John Reed, John Wilkins, Hugh Lord and Matthew Johnson.

George Rogers Clark certainly carried the American flag with him during his conquest of the northwest. As he landed at Fort Massac June 24, 1778, it is not only possible but quite probable that at Fort Massac the Stars and Stripes were first unfurled in Illinois by Clark and his men.

In 1787 Spain endeavored to intrigue for the seizure of Fort Massac. The price to be paid was \$200,000. Luckily, the plot failed.

In 1794, when General Wayne sent Major Thomas Doyle to serve as a garrison, the fort was occupied for the first time by military forces of the United States. Fort Massac thus re-built and garrisoned, became a point of considerable importance, and so remained until after Burr's conspiracy.

Aaron Burr arrived here in June, 1805, spending four days with General Wilkinson. He sought to aid the Spanish, who were advancing upon Wilkinson. Burr's colleague in this enterprise was Blennerhassett, whose wife spent a day and night at Fort Massac. Wilkinson reported Burr's traitorous act to President Jefferson and aided in arresting the guilty.

During the year of 1812 Fort Massac was well equipped, and was not really abandoned until 1814.

New Oliver No. 5

Sets Swiftest Pace Ever Known in Typewriter Selling

The wonderful new model, Oliver No. 5, has taken the market by storm.

Its reception by the public has exceeded in enthusiasm anything we had dared to anticipate. Employers and stenographers alike have welcomed it as the one machine that answers the multiplied needs of the hour.

The cry is for Speed! Speed! Speed!—and the Oliver responds.

The demand for Durability is filled by the sturdy, steel-clad Oliver.

To a call for a writing machine that will do many things and do each of them equally well, the Oliver answers with its unexampled versatility.

—Its legibility lends beauty to its work. The letters that bear the Oliver imprint are the letters that seem to speak.

—Oliver No. 5 fairly battles with new and exclusive time-and-money-saving features. We have space to mention only a few of the more important ones.

—Disappearing Indicator shows exact printing point.

—Balance Shifting Mechanism saves operative effort.

—The Helling Device is fine for tabulated work.

—Double Release doubles convenience.

—Non-Vibrating Base insures stability. Yet with all of these added improvements, we have still further simplified the Oliver—by fusing brains with metal.

Oliver No. 5 is a dream come true—the dream of Thomas Oliver crystallized into this wonderful mechanism of shining steel that embodies every possible requirement of a perfect writing machine.

THANKSGIVING IS DAY FOR BIG GAME

Chess Club and Athletics Will
Play Ball.

Pleasant Warriors Will Meet in Con-
bat on Gridiron at League Park
Then.

HIGH SCHOOL HAS OPEN DATE

Interest in the Thanksgiving Day game between the eleven of the Paducah Athletic club and the Chess, Checker and Whist club is increasing every day, and hope has begun to go the rounds already. The victory of the Athletic club in the first game may put the odds on that team, but the showing of the Chess, Checker and Whist team in Wednesday's game has elevated the supporters. The Chess team has been strengthened in

both line and back field, and steady practice has made better team work. The Athletic club team has continued practice regularly and the line will be shifted a little before the big game.

Both teams have correspondence on for games in order to be in trim. The C. C. & W. team will play Mayfield here November 12, while Metropolis and Madisonville are dicker-ing for a game with the P. A. C. team. The injuring of Burns, the quarterback on the Athletic club has left the position open, and Tucker, the sub-quarter, is having a fight to be the regular man.

On Thanksgiving Day good plays may be looked for, as the coaches of both teams have finished the rough work on the teams, and the fine plays are being worked steadily. Both teams promise to have plays with passes that will bewilder the oppo-nents. Should plays through the line fall both teams will have plenty of fakes to help out of the hole.

High School Open Date.

No game is scheduled for Saturday by the High school football team and the players will be given a day off. Practice has not been discontinued, as Coach Evans has the players out perfecting plays. Manager George Scott has letters from the Evansville

High school and the Henderson High school teams asking for a date on November 14. Both teams would be expensive to bring to Paducah, but it is thought that one team will be taken on, as the Paducah lads have won from every team in western Kentucky of their weight. The High school players will play the Thanksgiving Day game away from home probably.

WITH POCKET KNIFE

MRS. JEFF TAYLOR CUTS HER
THROAT NEAR PUGH FLAT.

And Drowns Herself in a Well—Mind
Was Unbalanced—Second
Time.

Mrs. Jeff Taylor, wife of a prom-
inent farmer living near Pugh Flat in
Long Hollow district, drowned her-
self in a well on Wednesday night of
last week, after having cut her throat
with a pocket knife.

The deed was committed some time
during the night, as she left her room
while other members of the family
were asleep, and when found, her
body was lifeless in a well near the
house.

Some weeks ago she undertook to
drown herself by jumping into a well,
but was rescued by her two little
daughters. Her mind had been un-
balanced for over a year, and this is
the cause assigned for her rash act.

She was formerly a Miss Chandler,
and was perhaps forty-five years of
age. A husband and several children
survive her.—Cadiz Record.

SMALLER FORCE

WORKING SHORTED HOURS AT
ILLINOIS CENTRAL SHOPS.

Number of Men Dropped in Each De-
partment—Married Men Are
Preferred.

With a reduction of 199 men to the
working force the Illinois Central rail-
road shops were running today on
the eight-hour schedule. The men
that were unfortunate were notified
last night, and this morning at 9
o'clock the checks were paid to them.
The shops will open at 7 o'clock in
the morning and will close at 4
o'clock in the afternoon. The men
that were dropped were considered
by the foremen of each department,
and many things were considered be-
fore a man was released. The time
he had served, the value of his work
and his ability were taken into con-
sideration, and in case of a tie the
married man was kept on the force.
The cut in the different department
was: Ninety-six men in the car de-
partment, 35 machinists, 35 laborers,
18 painters, 7 helpers, 1 apprentice,
4 helpers, 4 painters, 4 pipemen
and 2 tinner.

The simplicity of merchant tailoring is always noticeable. Your real gentleman is never overdressed; and the tailor shop is primarily supported by the best class in every community.

"Nifty" and "classy" twirls--crazy patches and straps are not good form; a good tailor won't violate his artistic sense by using them. If he did he would at once lose prestige--his judgment would no longer be considered safe.

The merchant tailors' suits embody dignity and distinction of style. They are never so glaring as to preclude the possibility of your wearing them until they are worn out completely. They do not necessitate an excuse anywhere you wear them. You feel that you are properly addressed in any circle.

F. W. Doermann, of San Francisco, said to the Associated Press that the result of the visit of Pacific coast business men would undoubtedly serve to secure an improved understanding and the betterment of trade relations between the two countries.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at all druggists. 50c and \$1.00. Trial bottle free.

"Your love," he cried, "would give me the strength to lift mountains."
"Dearest!" she murmured, "it will only be necessary for you to raise the 'dust.'"—Illustrated Bits.
